## AT BROWN'S

### This Friday and Saturday

### Customers, It's Like Picking up Money

#### AMERICAN WAR PLANES NOW BEST IN WORLD; EUROPE SPENDS MILLIONS FOR THEM AS UNCLE SAM BUILDS HUGE AIR FLEET

U. S. army's first all steel battleplane that flies 82.5 miles an hour.

American battleplanes are proving their superiority over all other makes in the European war; and the belligerents who have access to American markets are spending millions of dollars in this country for draughts of the air. In the meantime Uncle Sam has got busy and is rapidly building up a splendid air fleet.

#### Bankrupted Treasury Now Faces the Voters

As a Result of Democratic Mismanagement, Free Trade and the Like.

WASHINGTON, Nov. 2.—The treasury of the United States is practically bankrupt. Since Congress adjourned expenditures have exceeded receipts over \$1,000,000 a day. At the close of business last Saturday night, there was an actual net balance in the general fund of a little less than \$6,000,000, and this has been wiped out.

On election day the treasury will be empty and the country facing a daily deficit of over a million dollars. At this rate the deficit at the close of the present fiscal year will reach the enormous sum of over \$200,000,000. This will not be met by the new revenue law, the highest estimate of revenue under which was \$205,000,000, and in the opinion of experts the amount to be raised by the additional taxes imposed by that law will fall way short.

#### IF FOOD DISAGREES DRINK HOT WATER

When food lies like lead in the stomach and you have that uncomfortable, distended feeling, it is because of insufficient blood supply to the stomach, combined with acid and food fermentation. In such cases try the plan now followed in many hospitals and advised by many eminent physicians of taking a teaspoonful of pure bisulphate of magnesia in half a glass of water, as hot as you can comfortably drink it. The hot water draws the blood to the stomach and the bisulphate of magnesia, as any physician can tell you, instantly neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate feeling of relief and comfort that always follows the restoration of the normal process of digestion. People who find it inconvenient at times to secure hot water and travelers who are frequently obliged to take hasty meals poorly prepared, should always take two or three five-grain tablets of Bisulphate of Magnesia after meals to prevent fermentation and neutralize the acid in their stomach. —Advertisement.

**Genial Warmth When Wanted**  
A **BEZOR** Portable Gas Heater will make the coldest room cozy in a few minutes. It is scientifically correct—odorless. It heats the floor first, and the ascending heat warms the room and aids ventilation.

#### WHITE PLAGUE SUNDAY WILL BE OBSERVED

By More Than 10,000 Churches of Many Denominations in the United States.

NEW YORK, Nov. 2.—More than 10,000 churches and other religious organizations are expected to observe Tuberculosis Sunday on December 3 or 10, this year, making the seventh annual participation of religious bodies in an intensive campaign to educate the public on the subject of tuberculosis.

Two Sundays have been designated by the National Association for the Study and Prevention of Tuberculosis in order that the churches may choose the one which will best fit in with their program of services. These dates come at the beginning and end of Tuberculosis week, which is conducted under the direction of the national association. For those worshipping on Saturday, December 2 or 9 have been set aside.

The fact that Tuberculosis Sunday is an interdenominational and non-sectarian movement is being emphasized in order that all possible religious groups may be reached. In addition, many social, fraternal and civic organizations are planning to hold meetings on one of these days or at other times during Tuberculosis week. —Advertisement.

**Do You Have Sour Stomach?**  
If you are troubled with sour stomach you should eat slowly and masticate your food thoroughly, then take one of Chamberlain's Tablets immediately after supper. Obtainable everywhere. —Advertisement.

#### AFTERNOON GOWN OF TAPE VELVET

This striking afternoon gown is of 'tape velvet and shows the Russian tendency in what milady considers the very last thing in modern fashion. Fawn colored grain ribbon set off the gown. The bottom of the dress is short in front and longer at the side and back, permitting the skirt to fall gracefully around the ankles.

#### McDOWELL COUNTY IS LOYAL TO THE PARTY

And Governor Hatfield as Shown by Wonderful Demonstration Made There.

WELCH, Nov. 2.—An ovation exceeding in warmth and enthusiasm that accorded to him upon his return to his home county at the close of the campaign of 1912 was that given Governor Hatfield Wednesday when he came into McDowell for a whirlwind five days campaign tour that will take him into every nook and corner of the county. It was pronounced by Congressman Sutherland and Congressman Cooper, who accompanied the governor, the most remarkable demonstration of loyalty that they had ever witnessed.

The governor spoke Wednesday afternoon at North Fork to a crowd of 2,000 people, unprecedented in size, and last night he addressed 1,200 people in the court house while probably half that number were unable to gain admittance to the court room, where the speaking was held. The chief executive aroused his hearers to the highest pitch of enthusiasm and there was unmistakable evidence that McDowell county will give the biggest Republican majority in its history on next Tuesday.

The people of McDowell county are not going to be bluffed or intimidated by a lot of two by four emissaries sent out under the guise of investigators of the department of justice but who are in reality on the payroll of the Democratic administration at Washington for the purpose of browbeating and intimidating Republican voters," said the governor, "and a great demonstration of approval, and I predict," he said, "that McDowell county will give the Republican ticket the biggest majority in its history on next Tuesday."

In the course of his address Governor Hatfield showed that the percentage of people in McDowell county to each vote cast was the second highest in the state and thereby gave the lie to the accusations that many voters were fraudulently cast in McDowell county. "There is no county in the state that has cleaner elections than McDowell," he asserted.

The percentage of residents in various counties to each vote, quoted the governor, is as follows: Cabell county, 1912, 5.2, 1914, 6.2; Hampshire county, 1912, 4.3, 1914, blank; Hardy county, 1912, 5, 1914, 5.5; Kanawha county, 1912, 4.2, 1914, 5.7; Logan county, 1912, 6.5, 1914, 5.1; McDowell county, 1912, 6.8, 1914, 8.4.

"What is being done in Logan, Marion and other Democratic counties where the practices of Democrats are notoriously corrupt, in padding the registration books in driving Republican voters away from the polls, and going to the point of resorting to arms to keep them from exercising their God-given right of suffrage?" asked the governor.

He bitterly flayed the leaders of the Democratic party for using the machinery of the federal courts as a tool in the hands of Democratic politicians for the purpose of prosecuting Republicans. "Who ever heard of such a practice as this under Republican administration?" inquired the governor. "No federal office holders were permitted during the years of Republican administration to take an active part in politics, but today we find hundreds of persons imported from other states and on the payroll of the Democratic administration at Washington sent into the state to be used in bluffing and intimidating voters."

Governor Hatfield said that no attention whatever was being given by the United States authorities to the gross violations of election laws in Marion county, the home county of Clarence Watson, boss of the Democratic party, where several hundred negroes have been imported in the last few months for the purpose of voting them in the coming election. "It is not necessary to pad any election votes or registration books in Mingo and McDowell counties," he declared. "The people believe in principles of the Republican party and they are tired of the persecution that has been brought about under Democratic leadership in the state."

The meeting at North Fork was preceded by a big automobile party through the county. The Hon. Luther C. Anderson presided at the meeting last night and paid a glowing tribute to the administration of Governor Hatfield.

Electric locomotives are in use in Switzerland, in which powerful electric magnets are used instead of couplings in drawing cars.

More than 13,000 workmen are employed in and about the mines of Arizona.

#### ROBINSON GIVEN GREAT OVATIONS

All along the Line in Speech-Making Tour through His Native County.

BELINGTON, Nov. 2.—The most enthusiastic political meeting ever held in Barbour county was the coming of Judge Robinson and ex-Governor A. B. White. Coming in an automobile from Grafton to Berryburg they addressed 200 voters there. This being the district in which Judge Robinson was born many of his old neighbors were there at 7 o'clock in the morning although the speech was advertised for 9 o'clock. Arriving at Phillippi at 11 o'clock Judge Robinson spoke for nearly two hours to a crowded court house, all the standing room being taken and many unable to get into the big building.

Governor White followed with a short speech. Fifteen minutes were taken for lunch and forty-one automobiles led by the Belington and Junior bands dashed to Belington where the greatest demonstration ever seen in a political meeting here was held. The principal streets were paraded amidst deafening cheers of the hundreds assembled. The Grand theater was crowded to overflowing long before the speaking began, and it was found necessary to hold an overflow meeting to accommodate the hundreds that could not get into the building. Judge Robinson first spoke in the theater and Governor White addressed a solid block of voters in the street and then the speakers changed positions, Governor White speaking in the theater and Judge Robinson to the throngs in the street. Judge Robinson left for Elkins, where he spoke last night, and Governor White addressed a large and enthusiastic crowd of miners at Junior and was rushed to Elkins to speak at the meeting there after Judge Robinson concluded. Governor White declared this to be the greatest political demonstration that he has ever witnessed in the state of West Virginia and highly complimented the voters of Barbour county in paying such a loyal tribute to their native son.

#### MONSTER CROWD IS AT ELKINS MEETING

Addressed by Judge Robinson and Governor White and Enthusiasm Runs High.

ELKINS, Nov. 2.—Elkins never turned out as big a crowd to a political meeting as it did last night to hear Judge Ira E. Robinson, the Republican nominee for governor, and ex-Governor A. B. White.

Judge Robinson cried out again in warning against Watsonism and that small coterie of political freebooters led by Z. Taylor Vinson, of Huntington. He said: "They are seeking to dominate the state government to the rights of the people and to satisfy their own spirit of avarice and greed. The Watsonized Democratic organization is trying by every clandestine means to seduce Republican votes. It is time now to sound the clarion call for West Virginians to rise to a defense of the home land and say that Watsonism, with all its insidious influence and power, shall not rule through the election of Cornwell. I challenge Mr. Cornwell to deny that he is Watson's candidate and to challenge him to deny that he consulted with Watson about his candidacy before he entered the primary election. The Democratic campaign is being financed by Watson and he has been heard to say but recently that his special interest in the election was to elect a governor."

The meeting was preceded by a big street demonstration in which a great number of voters turned out to parade. Ex-Governor White, speaking in a humorous vein, ridiculed Hatfieldism, which has become such a great bugaboo to the Democrats. He declared that he spoke from personal experience, and that after November 7 Governor Hatfield's political side will be nailed up along side of his own. No governor in West Virginia has been dominated by his predecessor, said Mr. White.

**Cold-in-head**  
Relieved in one minute. Get complimentary can of KONDON'S from your druggist. Or buy a 25 cent tube. If it doesn't do you \$1 worth of good in a jiffy, you can get your 25 cents back from the druggist or from the KONDON Mfg. Co., Minneapolis, Minn.

Use some quick. For colds, catarrh, coughs, nasal headaches, etc. Be sure it's the kind that's been used for 26 years—and by 50 million Americans.
